Currently Learning
Advanced TypeScript · Next.js App Router · Unit Testing

WHAT I BRING

- **Deployable products —**
  Every project is shipped to production and tested under real conditions — not just local demos.
- **AI integration —**
  Built apps consuming the Anthropic API through secure serverless backends on Vercel.
- **Self-directed learning —**
  Self-taught across the full stack; comfortable adopting new tools and frameworks independently.
- **UI craftsmanship —**
  Consistent focus on responsiveness, accessibility and interface quality from the first commit.

EDUCATION
